Mr. Rubin Murrell
Rural Route 8
Box 153
Decatur, Illinois 62522

Dear Mr. Murrell:

A reinspection of your property located off Hill Road near Harristown was made by November 13, 1979, representing this Agency on Gerald E. Steele.

The inspection disclosed the following condition(s) which constitute violations of the Environmental Protection Act and Chapter 7 of the Illinois Pollution Control Board Solid Waste Rules and Regulations:

... Your solid waste disposal site does not have a permit issued by this Agency. Chapter 7 of the Illinois Pollution Control Board Rules and Regulations on Solid Waste provides in substance that, subject to the specific exemption contained in Section 21(e) of the Act, no person shall cause or allow the use or operation of any solid waste management site without an operating permit issued by the Agency.

... Final cover has not been applied on the completed portions of your fill as prescribed in the Solid Waste Rules and Regulations. A compacted layer of not less than two (2) feet of suitable natural earthen material shall be placed over the entire surface of each portion of the final lift not later than 60 days following the placement of solid waste in the final lift, unless a different schedule has been issued in the operating permit.

We suggest that you correct the aforementioned violations. A reinspection will be made in the near future to determine your progress.

Sincerely,

Monte M. Nienkerk, Central Region Manager
